

# The Art of Peace 2008

## STOP THE VIOLENCE

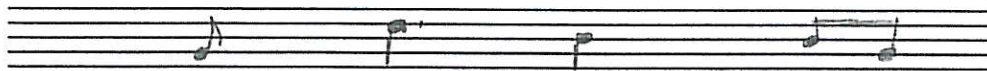

VERSE 1

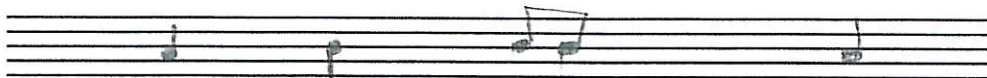

I write this song

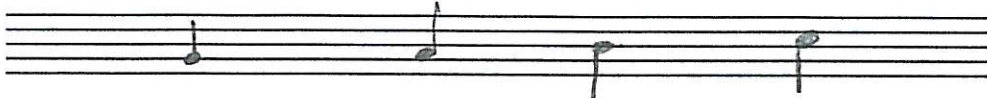

For all of you

For all the people

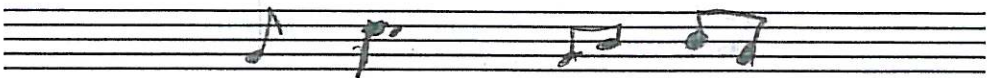

Who fight their way through

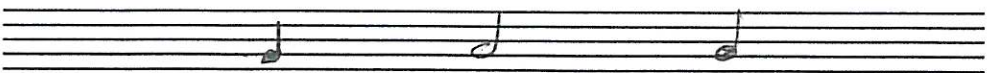

We need to love

E- -very one

No Ma- -tter how different

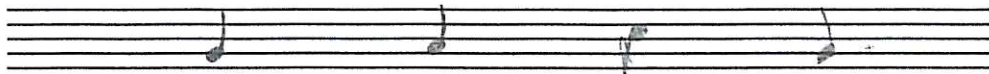

Each one comes

Verse 2

Chorus:

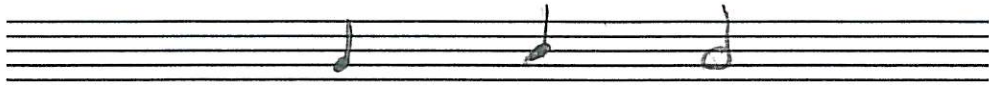

Stop the vi- -olence

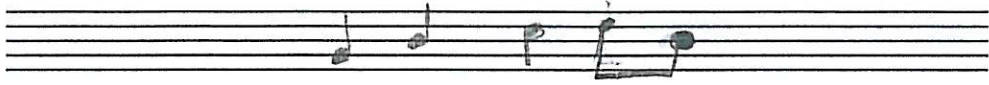

It's not worth it

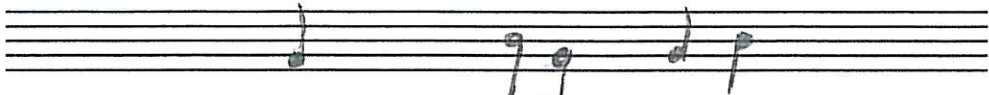

Give some friend- -ship

Don't hurt it

Be kind and thoughtful

Be friendly aloud

Show some love

Make us proud

VERSE 3

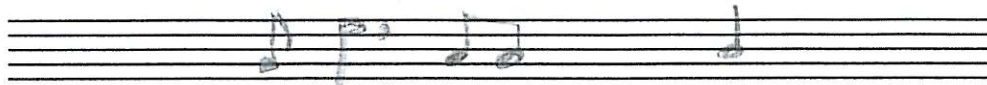

Open up your fist

And give a high five

Put up two fing- -ers

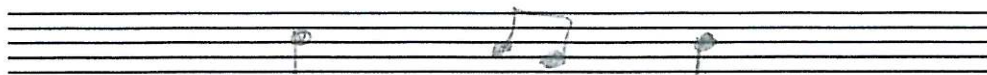

'Cause peace needs to : thrive

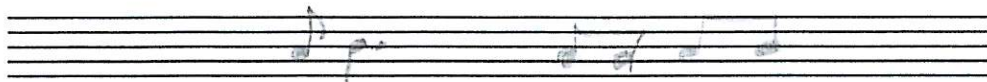

VERSE 4

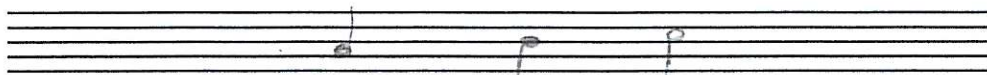

Put away that attitude and

Don't even try

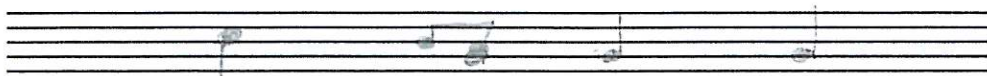

'Cause there's no need to make

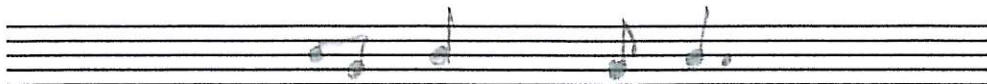

Some one cry

Repeat Chorus:

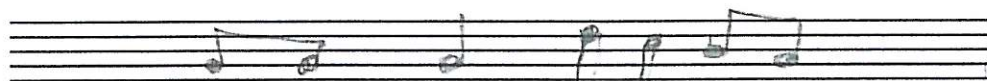

VERSE 5

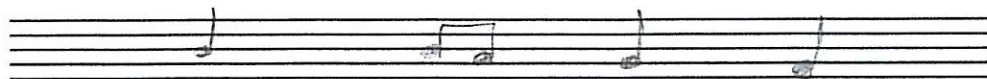

Go ahead now and

Compliment someone

Instead of throwing them 'round

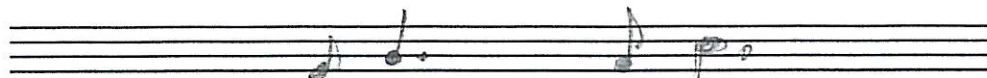

Or calling them dumb

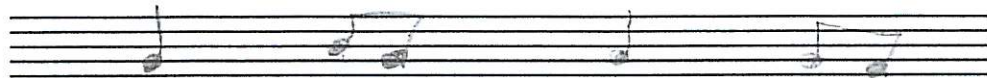

VERSE 6

Go ahead now

You know what's right

And trust me it's worth it

To be a nice guy

Repeat Chorus:

Repeat Chorus:

Repeat Chorus with slow finishing ending:

Show some love!

Make

us

Proud!
