

We need foster homes.  
Here's what they look like.

To a child, a foster home can look pretty wonderful. It's a safe, caring place when times are tough. Sometimes it's home just for a night; sometimes for longer.

In Alberta, we always need more foster homes. To hear real stories from Alberta foster homes and learn how your home could become one, visit our website or call: **1-888-643-1889**.
